Course Description Introduction to Web Design. This course will cover **HTML, CSS,** and introductory **JavaScript** programming to provide students with a basic technology skill set for pursuing other topics in Web technology. Focus is on the accepted standard structure and semantics of HTML, CSS, and JavaScript, with the use and introduction to optimized graphics, Responsive Web Design and jQuery. **CSW131 is one of three core requirement courses for the Web technology and applications minor. PREREQ:** Familiarity with basic graphical user interface and systems (e.g., files, folders, etc.) and use of an editor, and Web browser.

Course Student Learning Outcomes The main objective of this course is to create professional looking web pages **with good code.** While great looking and functioning web pages are the goal, we will also address the need and concepts of making the resultant website both "visible" and accessible. This course teaches an introduction to the constituent elements of Web pages, including the fundamental **HTML** elements, their attributes, and the style properties using Cascading Style Sheets (**CSS**). The other important part of the course is to provide an introduction to **JavaScript** programming (the control of web page through programming), and using images. The more advanced concepts of **Responsive Web Design** and **jQuery** will also be introduced.

Attendance Policy (changed 2/5) Attendance will be taken in each class and displayed for attending students to verify at that time only. **Unexcused late arrivals / early departures** (15 minutes) are an **unexcused absence.** Repeat late arrivals / early departures of less than 15 minutes may also result in an unexcused absence(s) at the instructor's discretion. **Notify your professors of ANY absence to see if they can be excused. Each unexcused absence > 3 reduces your course grade by 1 1/3 (one and one third) points.**
IMPORTANT: WCU REQUIRES both students and professors keep their final exam date open (academic calendar)!

- Evaluation & Grading (No extra credit is available)**
- GRADING:** 35% Lecture/textbook Quizzes (10% x 2 + 15% for top Quiz); 15% Website Plan; 33% (new, original) Website project; 17% Assessments (avg. of scores; **bonuses** may apply). **No credit for unexcused late work (zero).**
 - ATTENDANCE:** See **Attendance Policy** above
 - OTHER: Non-participation, including not completing non-credit homework, engaging in non-class activities, texting, conversing during lectures, sleeping, etc., reduces your course grade by 1 1/3 (one and one third) points each.**

A letter grade will be assigned based on performance in the course according to the following scale:

Academic & Personal Integrity

It is the responsibility of each student to adhere to the university's standards for academic integrity. Violations of academic integrity include any act that violates the rights of another student in academic work, that involves misrepresentation of your own work, or that disrupts the instruction of the course. Other violations include (but are not limited to): cheating on assignments or examinations; plagiarizing, which means copying any part of another's work and/or using ideas of another and presenting them as one's own without giving proper credit to the source; selling, purchasing, or exchanging of term papers; falsifying of information; and using your own work from one class to fulfill the assignment for another class without significant modification. Proof of academic misconduct can result in the automatic failure and removal from this course. For questions regarding Academic Integrity, the No-Grade Policy, Sexual Harassment, or the Student Code of Conduct, students are encouraged to refer to the [Computer Science Department Academic Dishonesty Policy](#), the [Undergraduate Catalog](#), the [Ram's Eye View](#), and the University website at www.wcupa.edu. *WCU students CANNOT claim Academic Integrity ignorance.*

Reporting Incidents of Sexual Violence

West Chester University and its faculty are committed to assuring a safe and productive educational environment for all students. In order to meet this commitment and to comply with Title IX of the Education Amendments of 1972 and guidance from the Office for Civil Rights, the University requires faculty members to report incidents of sexual violence shared by students to the University's Title IX Coordinator, Ms. Lynn Klingensmith. The only exceptions to the faculty member's reporting obligation are when incidents of sexual violence are communicated by a student during a classroom discussion, in a writing assignment for a class, or as part of a University-approved research project. Faculty members are obligated to report sexual violence or any other abuse of a student who was, or is, a child (a person under 18 years of age) when the abuse allegedly occurred to the person designated in the University protection of minors policy. Information regarding the reporting of sexual violence and the resources that are available to victims of sexual violence is set forth at the webpage for the Office of Social Equity at <http://www.wcupa.edu/admin/social.equity/>.

CSW 131 Syllabus: Introduction to Web Design – Spring 2018

Excused Absences Policy.

Missing an exam/test - On or before exam date: **Make-up exams* are given for the following cases only:**

I. Students participating in University-sanctioned events such as, but not limited to, the Marching Band and NCAA athletic events, will be granted an excused absence(s) by the respective faculty members for class periods missed. Students will be granted the privilege of taking, at an alternative time to be determined by the professor, scheduled examinations or quizzes that will be missed. The professor will designate such times prior to the event and the make-up should be as soon as possible following the missed class. Professors can provide a fair alternative to taking the examination or quiz that will be missed. Students must recognize that some activities cannot be directly made up (e.g., a laboratory, group presentation, off-campus experience), and faculty will arrange a fair alternative to the missed work. Students must submit original documentation on University letterhead signed by the activity director, coach, or adviser detailing the specifics of the event in advance. Specific requirements include the following:

1. Responsibility for meeting academic requirements rests with the student.
2. Students are expected to notify their professors as soon as they know they will be missing class due to a University-sanctioned event.
3. Students are expected to complete the work requirement for each class and turn in assignments due on days of the event prior to their due dates unless other arrangements are made with the professor.
4. If a scheduled event is postponed or canceled, the student is expected to go to class.
5. Students are not excused from classes for practice on nonevent days.

The following are specifics for the student athlete:

1. The student athlete is expected, where possible, to schedule classes on days and at hours that do not conflict with athletic schedules.
2. Athletes are not excused from classes for practice or training-room treatment on non-game days.

II. West Chester University recognizes required (non-voluntary) service in the United States military including the Pennsylvania National Guard as a legitimate reason to miss up to the equivalent of 2 weeks during a 15-week semester. Service members must submit a copy of their orders to the Registrar's Office. The Registrar's Office will communicate with respective faculty members and the student will be granted an excused absence(s) for the class periods missed. All points covered in part I of this policy including make-up work and specific requirements 1-4 also apply. Service members required to miss more than the equivalent of 2 weeks during a 15-week semester can withdraw from the term in a non-punitive manner in accordance with Pennsylvania state law. Students are expected to work closely with faculty and the Registrar's Office to ensure their academic success. Students in programs with external accrediting bodies must also be aware that there may be attendance requirements that cannot be made up.

III. In the event of a student's unplanned medical emergency, including serious health conditions as outlined in the Family and Medical Leave Act, or the death of a student's immediate family member, faculty members are expected to provide, within reason, an opportunity for students to make up work. Students are responsible for providing proper documentation and will work with respective faculty members to make up course work as described in part I of this policy. Students are encouraged to contact the Assistant Dean of Students and refer to the website on Student Assistance for additional information.

IV. Consistent with guidelines set forth by the Family and Medical Leave Act, students who become parents of new children or have children with serious health conditions that require the student-parent to miss up to the equivalent of 2 weeks during a 15-week semester shall be given an excused absence for the courses that are missed. Students will work with respective faculty members to make up course work as described in part I of this policy. Students required to miss more than the equivalent of 2 weeks during a 15-week semester can withdraw from the term up until the term-withdraw deadline. Students required to miss more than one semester should also refer to Admissions policy on consecutive non-enrollment. Students are encouraged to contact the Assistant Dean of Students and refer to the website on Student Assistance for additional information.

V. West Chester University recognizes excused absences in accordance with federal and state legal statutes including but not limited to compliance with jury duty, subpoenas, and notices of deposition. Such excused absences will be dealt with as described in part I of this policy.

* Make-ups **with prior arrangements through Instructor** may also be arranged.
